

Your Arrival

Phil Wickham

Here in the final hour, hope lifts the tired eyes
Here now, we are waiting for You to arrive
Great things are set in motion
The sky breaks, the trumpets sound
You call all Your children to meet You in the clouds

We are waiting, anticipating
Your arrival, Your arrival
Voices raising, celebrating
Your arrival, Your arrival

We'll keep the candle burning, we'll watch for every
sight
Here now, we are waiting for You to arrive
Great things are 'bout to happen
Lord lives, Your Kingdom come
And call us home to heaven, the city of our God

Haste the day

We are waiting, anticipating
Your arrival, Your arrival
Voices raising, celebrating
Your arrival, Your arrival

This is our song
Wherever You are
Is where we belong
We want to be with You

We are waiting, anticipating
Your arrival, Your arrival
Voices raising, celebrating
Your arrival, Your arrival
