

I Don't Want To Party(party)

Philadelphia Grand Jury

I don't want to party party
I don't want to party party
I don't want to party
But I'm gonna 'cause she's fantastic

You know I spend all my money confusing all the girls
I pretend that I know them and that I know the world
I use the same three tricks every single time
But if I told you all my secrets then my secrets won't be mine

I don't want to party party
I don't want to party party
I don't want to party
But I'm gonna 'cause she's fantastic

Hey now, the truth if you want it - I'm a really lonely guy
Jesus in my kitchen and the devil on my mind
I use the same three tricks every single time
But if I told you all my secrets then my secrets won't be mine

I don't want to party party
I don't want to party party
I don't want to party
But I'm gonna 'cause she's fantastic

Tell me that you love me
Tell me that you'll hold my hand
Tell me that you love me
'Cause I'm a dangerous man

Tell me that you love me
Tell me that you'll hold my hand
Tell me that you love me
'Cause I'm a dangerous man

I don't want to party party
I don't want to party party
I don't want to party
But I'm gonna 'cause she's fantastic

I don't want to party
I don't want to party
I don't want to party
I don't want to party
I don't want to party
