

# I'm Going To Kill You

Philadelphia Grand Jury

Down in the graveyard  
Out of sight, I gotta hold my head and  
Say my prayers and hope to get my feelings right  
Tonight's the night

I don't feel sorry  
Feel detached girl  
If you took me back, you know I would  
Let you go without a scratch  
Hey there's a catch

I'm gonna kill you  
I'm gonna kill you dead  
Ha! I'm gonna kill you dead

I had a strategy, made a move  
Oh but you screamed so loud I don't know how  
You think that someone's saving you  
There ain't no use

I had a weapon, it's a knife  
And now I am standing right above you  
I'll still love you on the other side  
My future wife

I'm gonna kill you  
I'm gonna kill you dead  
Ha! I'm gonna kill you dead

Wooo oooh ooooh ooooooh oooh ooooh

I'm gonna kill you

I'm gonna kill you (I'm gonna kill you dead)  
I'm gonna kill you dead (I'm gonna kill you dead)  
Ha! (I'm gonna kill you dead) I'm gonna kill you dead  
(I'm gonna kill you)  
I'm gonna kill you dead, tonight (4x)
