

Let The Redeemed

Phillips, Craig & Dean

Freedom's song is loudest
If you've lived a life of chains
And grace is most amazing
In the middle of your shame

And hope burns at its brightest
When the night has been too long
A father's arms most welcome
When you've been so far from home

And he who's been forgiven much
Loves much in return

Let the redeemed declare it
Look what God has done
Tell of His endless mercy
And His everlasting love

Let the redeemed declare it
Name above all names
Lift high this King most holy
Lavish Him with praise
Let the redeemed

Arms of love feel strongest
When you've been so all alone
Faith is so surprising
When fear is all you've known

Forgiveness kiss tastes sweetest
When you've all but lost your way
And life is so much sweeter
If you've looked death in the face

The one once lost has now been found
The dead now lives again

Let the redeemed declare it
Look what God has done
Tell of His endless mercy
And His everlasting love

Let the redeemed declare it
Name above all names
Lift high this King most holy
Lavish Him with praise
Let the redeemed

Sing of His mercy, sing of His grace
Tell of His kindness, lift high His name

Let the redeemed declare it
Look what God has done
Tell of His endless mercy
And His everlasting love

Let the redeemed declare it

Name above all names
Lift high this King most holy
Lavish Him with praise
Let the redeemed

Let the redeemed
Sing it loud

Yeah, yeah
