

# Made Up Mind

Phillips, Craig & Dean

If you think that you've lost your goal  
If you think that your life is out of control  
Don't you know, you got to have a made up mind  
If in decision is pained your heart  
Hold on to the truth, make a new start  
Don't you know, you got to have a made up mind

You got to have courage in the night, cling to what is right  
Keeping it between the lines, yeah  
You got to be faithful to the truth, God is gonna move  
Through a soul with a made up mind.

If confusion is at your door, don't let him get one foot on the floor.  
Don't you know, you got to have a made up mind  
If pride takes you by the hand, let it go, hit your knees take a stand  
Don't you know, you got to have a made up mind

You got to have courage in the night, cling to what is right  
Keeping it between the lines, yeah  
You got to be faithful to the truth, God is gonna move  
Through a soul with a made up mind.

You got to have courage in the night, cling to what is right  
Keeping it between the lines, yeah  
You got to be faithful to the truth, God is gonna move  
Through a soul with a made up mind.

Well the rain storm ain't looking around, no no  
you win the prize if you don't back down.  
Don't you know, you got to have a made up mind  
Don't you know, you got to have a made up mind
