

# Nothing To Prove

Phillips, Craig & Dean

You taught me how to ride a bike  
Tie my shoes and fly a plane  
How to swim and how to fish  
To see a star and make a wish

Said it's ok to make mistakes  
Just don't get stuck in yesterday  
Forgive, forget and move ahead  
'Cause life is what you're livin' in

Now you're gone and all I have  
Are memories I hold dear  
But if I'm quiet I hear your voice  
Still ringin' in my ears

Sayin' live with no excuses  
Love with no regrets  
Laugh a lot and leave this life  
With nothing left unsaid  
Make this world a better place  
Don't be afraid to cry  
When it's finally time to say goodbye  
There's nothin' to prove, nothin' to lose, nothin' to hide

You said life cannot be measured by  
The place you live, the car you drive  
The thing that counts the day you die  
Is who you are and what's inside

So tell the truth, don't ever lie  
Integrity at any price  
Your words, you're bought, you're highest prized  
So guard it close and live your life

So many things I learned from you  
'Bout life and love and play  
I learned more by how you lived  
Than what I heard you say

Sayin' live with no excuses  
Love with no regrets  
Laugh a lot and leave this life  
With nothing left unsaid  
Make this world a better place  
Don't be afraid to cry  
When it's finally time to say goodbye  
There's nothin' to prove, nothin' to lose, nothin' to hide

I only wanna live my life  
Half as well as you  
To leave behind what I receive  
Is all I wanna do

Sayin' live with no excuses  
Love with no regrets  
Laugh a lot and leave this life  
With nothing left unsaid

Make this world a better place  
Don't be afraid to cry  
When it's finally time to say goodbye  
There's nothin' to prove, nothin' to lose, nothin' to hide
