

# Speechless

Phillips, Craig & Dean

There are no words to describe  
Who You are, Jesus Christ  
No one compares  
No one compares

Traded Your crown for cross and thorns  
Defeated death, now we're reborn  
What can we say  
What can we say

You leave us speechless, breathless  
Jesus, worthy, worthy  
There is no one like You, God  
No one like You, God

You love is matchless, endless for us  
Holy, Holy  
There is no one like You, God  
No one like You, God

We can't help but fall down  
Under the weight of Your mercy now  
You're here with us  
You're here with us

Surrounded by Your majesty  
Amazing Grace, we're on our knees  
What can we say  
What can we say

You leave us speechless, breathless  
Jesus, worthy, worthy  
There is no one like You, God  
No one like You, God

The splendor of Your mighty love  
Is freeing us, is healing us  
(4x)

You leave us speechless, breathless  
Jesus, worthy, worthy  
There is no one like You, God  
No one like You, God

You leave us speechless  
Oh, Jesus  
You leave us speechless  
You leave us speechless

Speechless, oh Jesus  
You leave us speechless  
You leave us speechless
