

## This Is The Life

Phillips, Craig & Dean

This life is the life that I've chosen  
Nobody made me do it  
Feels right, givin' all my devotion  
Take it from a man who's had a taste of both sides  
There's no sweeter freedom than a godly life  
I just wanna testify

This is the life  
I'm where I wanna be  
Livin' from the center of a heart that's free  
Oh, I'm feelin' alright  
Day or night, rain or shine  
This is the life

You think it's a dull life I'm livin'  
Yeah, you say it's such a pity  
So weak, to need a crutch of religion  
Pardon me a minute but I think I need to say  
I don't need your sympathy so don't be talkin' that way  
You will see the light some day

This is the life  
I'm where I wanna be  
Livin' from the center of a heart that's free  
Oh, I'm feelin' alright  
Day or night, rain or shine  
This is the life

Now I'm not sayin' that I never had a bad day  
But since I've been livin' for Jesus  
This is what I have to say
