

Turn Up The Radio

Phillips, Craig & Dean

I've been kind of down today
Kind of like I can't quite make it
The pressure of a fast-track world
Is hard to handle now and then

I haven't got a lot to say
And I've resolved that I won't take it anymore
I know that somethin' good is movin' in me
That's when I feel the music
Soothe the savage beast
I hear the love, I find release

Turn up the radio
And sing a song of sympathy
Turn up the radio
Let freedom ring in harmony
I hear the healing go
To the secret place only God can know
Turn up the radio!
Turn up the Radio!

Don't you know I make mistakes?
And I can surely feel forsaken
The pressure of a fast paced race
Hurts my already broken Heart

When the road is headed down and out
And desire love's forgiveness
His Spirit calls my name again and again
That's when I feel His music
Soothe the savage beast
I hear my Lord, I find His peace

Turn up the radio
And sing a song of sympathy
Turn up the radio
Let freedom ring in harmony
I hear the healing go
To the secret place only God can know
Turn up the radio!
Turn up the Radio!

Let a message of hope sink in
Feel a fire of life begin
Break out the chains
Sing a sweet refrain
