

Alumni Blues

Phish

Woke up this morning and I had those Walking Blues (2x)
I wasn't walkin' nowhere 'cause I didn't have no floor!

Staring over the edge of the bed
My old lady lying next to me, I started to cry (2x)
She said "I'm gonna take this diploma,
I'm gonna slice you in the eye!"

Well I'm alright (he's alright) (9x)
'cause I got a degree!

Escaping through my window
There's a policeman on the lawn outside my home (2x)
I opened my mouth to scream but my throat was full of foam

So I'm sittin' in this cell
My fortune dwindled to a thimble full of filth (2x)
I may spend the rest of my life in jail but at least it's got a
floor!
