

Fuego

Phish

I'm a sailor's girl, the best is yet to come
Rolling in my Fuego, I do my own stunts
I see guilty people, angels blowing horns

Some days it's just not worth gnawing through the straps
Freak out and throw stuff, World's Greatest Dad
Read a little book about Vlad the Impaler

Whoa, oh
Whoa, oh

Inside your Fuego, we keep it rolling
Inside your Fuego, we keep it rolling
Inside your Fuego, we keep it rolling
Inside your Fuego, we keep it rolling

I asked Diego if it was stolen
Inside your Fuego, we keep it rolling
Rolling, rolling, rolling
Diego, Diego, Diego
