The shoulder that I leaned on was carved out of stone But when I'm done freezing I want to be alone

Never want my hand cut off Never want a hacking cough Never need a cliffside push Never turn my brain to mush

Always give me what I lack Always take the best parts back Always recognize your fate Always just a moment late

Left is where I always turn Left is how I'm forced to learn Left the route my walking takes Left alone with my mistakes

Up against the person who
Up 'til now I never knew
Up from hell the answer blew
Up or down it's up to you

Drop me off the Chinese wall
And peel my fingers off the rim
I come unglued while in midair and land to reform
Limb by limb

And I am taken far away

Lingering slowly melting away
Tossed with the salad and baled with the hay
Pooling the water that drips from above
Trampled by lambs pecked by the dove
