

## Silent in the Morning

Phish

My glance is always darting, when I stroll the avenue  
Avoiding all the obstacles that terrorize my view  
If you are here with me, I trust you to lead the way  
When you're not I follow you, and always go astray

Silent in the morning  
Suspended in the trees  
Lunch time comes you've found your voice  
It brings me to my knees  
The volume just increases  
The resounding echoes grow  
Till once again I bask in morning stillness, I love so

The target that I shoot for seems to move with every breath  
I tighten all my arteries and make one last request  
Divine creation hears me, and he squashes me with fear  
I think that this exact thing happened to me, just last year

Silent in the morning  
You found your voice that brings me to  
Silent in the morning  
You found your voice that brings me to  
Silent in the morning  
You found your voice that brings me to my knees  
I will not dismiss you, shelter you, speak with you  
Smile at you, trust in me, He'd like to brush you off, and I'd agree
