We've got it simple, 'cause we've got a band  
And we've got cymbals in the band  
We've got it simple, 'cause we've got a band  
And we've got cymbals in the band

What is a band without cymbals?  
Ooh ooh, cymbals are grand

We've got a saxophone, 'cause we've got a band  
And we've got a saxophone in the band  
We've got a saxophone, 'cause we've got a band  
And we've got saxophone in the band

What is a band without saxophone?  
Ooh ooh, saxophone is grand

Cymbals and saxophones  
Saxophones and cymbals  
Cymbals and saxophones  
Saxophones and cymbals

We've got Be-bop, 'cause we've got a band  
And we play Be-bop in the band  
We've got skyscrapers and it seems a pretty tune  
Every band needs skyscrapers too

What is a band without skyscrapers?  
Ooh ooh, skyscrapers is grand
