Simple

Phish

We've got it simple, 'cause we've got a band And we've got cymbals in the band We've got it simple, 'cause we've got a band And we've got cymbals in the band

What is a band without cymbals? Ooh ooh, cymbals are grand

We've got a saxophone, 'cause we've got a band And we've got a saxophone in the band We've got a saxophone, 'cause we've got a band And we've got saxophone in the band

What is a band without saxophone? Ooh ooh, saxophone is grand

Cymbals and saxophones Saxophones and cymbals Cymbals and saxophones Saxophones and cymbals

We've got Be-bop, 'cause we've got a band And we play Be-bop in the band We've got skyscrapers and it seems a pretty tune Every band needs skyscrapers too

What is a band without skyscrapers? Ooh ooh, skyscrapers is grand
