

## Waiting All Night

Phish

Up all night and I'm waiting for you to come home  
Waiting all night  
Waiting all night  
Mind is racing and I'm wondering what I did wrong  
Waiting all night  
Waiting all night  
Where could you be  
I'm so alone  
Won't you please come home  
Sun's coming up  
And I'm rolling over  
But I'm holding on  
Waiting all night  
And I said I'm sorry  
Waiting all night  
But you went so far away  
Waiting all night  
Don't know why you  
Waiting all night  
Left me this way  
Waiting all night  
Just sail on, sail on
