

# Cash In

Phoebe Snow

If it has mystery buy it, things must have a price  
Play it as it lays, lucky number pays, gamble till you win  
Everybody cash in, yeah

You might just keep rolling sevens, time means nothing here  
You could turn the stone, think of all you'd own, even statues  
grin  
Everybody cash in, yeah, whoa  
Take the money and run, cash it all in now

The stars can always go walking with me  
Oh, what loyalty in the shine  
Nice, that they can be so free  
And all they spend is time

Cash it all in, cash it all in  
Cash it all in, cash it all in  
Cash it all in, cash it all in  
Cash it all in, cash it all in

I fell in love with a circus, that's why I left town  
Clowns breath down my neck, I thought they'd mark the deck  
Until I called out gin and the jokers cashed in

When I am secure and can give you enough  
I watch mother nature doin' her stuff  
No one owns the right to this, my love, freedom's tough  
It's tough for you, baby, it's tough for you, baby

So, how much can you get for your soul  
When you rock and roll, money can't be worthless  
When your music's mirthless, I love you back then  
At least until you cashed in

Cash it all in, cash it all in  
Cash it all in, cash it all in

Cash it, cash it all in  
Cash it, cash it all in  
Cash it, cash it all in  
...
