

Fleur de Lys

Phoenix

Some of you lost, some of you with attitude
Many have laughed to summon you
So many ways, trying to show them gratitude
Better butcher their lies, till you hear them too
Soon you'll learn where to find me, how to look
Unexposed and no residue
So figure it fast, are you hope or vanity?
Now do you think you're ready to say no no no?

Terrorizing your neighbour
I'm a Siberian tiger
I'll always be an outsider
Don't neglect me Fleur de Lys

No rest till I get to you, no rest till I get to you. No! [x4]

Hear me roar from the south pavilion
My fingers crossed, watch her debut
Pretty in rags, I'm the one civilian
Why bother your rise, do you feel it too?
Soon you'll learn, falling down the pedestal
Who's your favorite son and your favorite tune
So figure it fast, is it hope or gravity?
Don't think to tell me to let go go go

Terrorizing your neighbour
I'm a Siberian tiger
I'll always be an outsider
Don't neglect me Fleur de Lys

No rest till I get to you, no rest till I get to you. No! [x4]

"Je t'ai laissé un message.. Est-ce que tu l'as reçu?
J'ai vraiment besoin dont se parle..
Je ne fais rien pour toi mais je ne sais pas si tu as reconnu m
a voix"

No rest till I get to you, no rest till I get to you. No! [x3]
No rest till I get to you, no rest, no rest, no rest for me...
