

# Napoleon Says

Phoenix

You know your french well  
Didn't take any decision so far  
Hit me like a freight train  
Please consider my request

You do expect a Messiah  
You want to be European  
I would be your Bonaparte  
Don't ever care 'bout what Napoleon says

Look out look at look at me  
Calm down calm down  
I said to myself this time  
Look at what you look like  
You know it suits you well

Napoleon says to take off your coat  
Take off your long johns too  
Napoleon says to take off your coat  
Take off your long johns too

Look out look at look at me  
Calm down calm down  
I said to myself this time  
Look at what you look like  
You know it suits you well

Right hand in a trench coat  
Right hand in a trench coat

Napoleon says to come over here  
Bring back your long johns too  
Napoleon says to come over here  
Bring back your long johns too

Look out look at look at me  
Calm down calm down  
I said to myself this time  
Look at what you look like  
You know it suits you well

Right hand in a trench coat  
Right hand in a trench coat

Look out look out look out  
Don't get yourself excited  
Calm down calm down calm down  
Go get yourself a white horse

Right hand in a trench coat
