

# Come Right Or Not At All

Phyllis Hyman

Hey, hey  
Oh, wo, wo

I am not ashamed in any way  
Of how I've my life  
Held my head up high  
Never once did I run and hide  
Why should I compromise  
I never live a lie

Take your time to understand me  
If you want to share my life  
Please don't think that I'm demanding  
Its just the way I am  
And now I need to know  
How far we can go

I've been waiting so long  
Time for you to be strong  
Show respect for me  
Even more sincerity  
If you come to me unselfishly  
I'll treat you like a king  
I will hold you tight  
Each and every night  
Tenderness is all that I possess  
I really must confess

I would rather be here lonely  
Than be mistreated by you  
If you really want to know me  
Just look into me eyes and make me realize  
There's no need to hide

I've been waiting so long  
Time for you to be strong  
Show respect for me  
Even more sincerity  
Deep down in my heart  
There's a very special place  
That so few people ever get to see  
So if you want to get close to me  
All you got to do is show me some sincerity

Sh-show me  
Show me baby  
Show me  
Aw come on and show it  
Baby  
Come on baby  
You need to be there

I've been waiting so long  
Time for you to be strong  
Show respect for me  
Even more sincerity  
I've been waiting so long

Time for you to be strong  
Need to be strong  
Show respect for me  
Yes indeed, take your time to understand me  
Even more sincerity  
I've been waiting so long  
Too long  
Time for you to be strong  
Need you right there  
Show respect for me  
Even more sincerity
