

# Hurry Up This Way Again

Phyllis Hyman

Oh how it hurts  
Loving someone who loves someone else  
So many nights  
I spend here all alone by myself  
Whenever you're with her  
Whose loving me  
Nobody

Hurry up this way again  
I love you  
Hurry up this way again

I never know when I'm going to see you again  
Can't make no plans  
I just see you whenever I can  
What happens in between  
I set and dream about you

Hurry up this way again  
Don't you know I love you  
Hurry up this way again  
I love you

So many nights I spend here, I spend it all alone  
But I love you  
I love you, ooh,  
Hurry up this way again  
Oh I need you  
Hurry up this way again
