

# It Takes Two

Phyllis Hyman

Don't turn away  
Don't run and hide  
It scares me too  
Each time we fight

We get so close  
And suddenly  
We're far away  
As we can be

There's a chance  
A chance we have to take  
There's a choice for us  
A choice we have to make  
What love demand  
Is honesty  
I'm here for you  
Now don't you see'

It takes two  
For a relationship to be  
Everything we need  
To feel complete

It takes two  
For love to make it through the hardest time  
We'll go through  
It takes two

Have some faith  
In what we feel  
In time our love  
Will be revealed

Open up  
That cautious heart  
And let me in  
So we can start

There's a chance  
A chance we have to take  
There's a choice for us  
A choice we have to make  
What love demand  
Is honesty  
I'm here for you  
Now don't you see'

It takes two  
For a relationship to be  
Everything we need  
To feel complete
