

## Set A Little Trap

Phyllis Hyman

Settin' it, settin' it, settin' it  
Settin' it, settin' it, setting a trap for you, baby

Yes I set my little trap for you  
How could you know it didn't show  
Yes I set my little trap for you

I fell in love with you when we met  
You were my kind of guy  
You were with someone I didn't know

I'll find you later when she's gone  
When just by coincidence  
We'll be walking on air

Yes I set my little trap for you  
Unaware I didn't care  
Yes I set my little trap for you

Like a candle fly around a flame  
I had to learn it could burn  
I was fascinated by the glow

Must have seemed crazy, I suppose  
The first time we touch was too much  
The trap was closed

Yes I set my little trap for you  
But your eyes hypnotized  
Yes I set my little trap for you

Settin' it, settin' it, settin' it  
Settin' it, settin' it, settin' a trap for you, baby  
You've been on my mind  
So I responded in kind  
Had to get it right baby

I couldn't play it fair  
Thought you didn't care  
All is fair in love  
Until you get enough  
Had to set it right, baby

Must have seemed crazy, I suppose  
The first time we touch was too much  
The trap was closed

Settin' it, settin' it, settin' it  
Settin' it, settin' it, setting a trap for you, baby

I couldn't play it fair  
Thought you didn't care  
All is fair in love  
Until you get enough  
Had to set it right, baby

Yes I set my little trap for you

How could you know it didn't show  
Yes I set my little trap for you

Settin' it, settin' it, settin' it  
Settin' it, settin' it, setting a trap for you, baby

Ooh settin' it, settin' it, settin' it  
Settin' it, settin' it, setting a trap for you, my pretty baby

You've been on my mind  
So I responded in kind  
Had to get it right baby

Yes I set my little trap for you  
But your eyes hypnotized  
Yes I set my little trap for you

Settin' it, settin' it, settin' it  
Settin' it, settin' it, setting a trap for you, baby

Settin' it, settin' it, settin' it  
Settin' it, settin' it, setting a trap for you, baby
