

You Sure Look Good To Me

Phyllis Hyman

I can feel the danger
As you light that cigarette
Watchin' you move in closer
This could be a night I might regret

I'm keepin' my options open
'Cause now we're dancin' slow
And deep inside there's a voice
Tellin' me I better go

But you sure look good to me tonight
It feels so good to me, so right
I can't take my eyes away from your little boy smile
You look so good to me, I'm gonna stay awhile

There's a chain reaction
When you put your hand on mine
Needles and pins I'm feelin'
Could it be the music or the wine

Makin' me feel so crazy
When you whisper in my ear
'Bout all the love we could make
I should be gettin' out of here

But you sure look good to me tonight
It feels so good to me, so right
I can't take my eyes away from your little boy smile
You look so good to me, I'm gonna stay awhile

You look good to me tonight
It feels so good to me, so right
Can't take my eyes away from your little boy smile
You look so good to me, I'm gonna stay awhile

You look good to me tonight
It feels so good to me, so right
Can't take my eyes away from your little boy smile
You look so good to me, I'm gonna stay awhile

You look good to me tonight
It feels so good to me, so right
Can't take my eyes away from your little boy smile
You look so good to me, I'm gonna stay awhile
