Piano Magic

A Charlie Brown snowstorm for 2.49
Snoopy drops dead in the snow
This is all that I can show for my time with someone I
don't really know
I met you in mittens beneath London Bridge, killing your
skateboard, angry like sea
I loved you in minutes, like people love Lucy
We spat in the snow, black coffee
A rollerskate waitress in Littlewoods cafe
A Raleigh bike builder, Pro-Plus and Park Drives
We kissed once - it was like e minor
Things could, I think not, be finer
