Spend The Night With You

Picture

O boy, I'm feeling fine, I'm sitting here but I want to get out . I want to drink a bit and I'm gonna' fight and fool around. I wanna' have it, I think I'll do it now. I'm looking for a girl and I would say to her, would you like t o play with me? We're going to drink a bit and if you want to, you can spend th e night with me. I want to have it, I think I'll do it now. But after all my thoughts, I think, I'd better spend the night with you. Ain't got no money, but after all, it's the best thing I can do . I want to have it, I think I'll do it now.
