

Our Very Own Employment Office

Piebald

if it can pull the trigger then we'll destroy the
liquor and here's the plan we may not win a
battle but maybe teach a lesson well find out the
names and interests of the employees try to find
them better jobs that they'd enjoy more anyway a
perfect plan no one would suspect us no visual
motive just our personal politics and I'll gladly
light the match that ignites the chest of glutton
for that one minute we would own the world pull
into the next side street and laugh for hours.
