Until she's satisfied.

Let's go! I kissed the scars on her skin I still think you're beautiful And I don't ever wanna lose my best friend. I screamed out, "God, you vulture (you vulture), Bring her back or take me with her." Tear it down, break the barricade I want to see what sound it makes I hate this flavor with a passion and I fucking hate the aftertaste How does it feel? (How does it feel?) How does it feel? Well it feels like I'm on fire! Wake up, I know you can hear me. Make me a promise here tonight, love like a tidal wave Dreamless in early graves, I never want it to be this way The chemicals will bring you home again This is it, when it's done, we can say that, When it's sudden death we fight back (Oh, yeah) Pretend like I don't entice you I've seen you circling the sky above my head I will never be taken for granted again Keep digging holes in the desert Say a prayer for you I know that you're in pain But if we die at the same time does it still scare you? Make me a promise here tonight. Let's go! Dreamless in early graves, I never want it to be this way The chemicals will bring you home again This is it, when it's done, we can say that, Oh my God we're not gonna make it We will bring the tidal wave We will bring the tidal wave We will bring the tidal wave We will bring the tidal wave! We will bring the tidal wave We will bring the tidal wave We will bring the tidal wave And nothing will remain She's mine You stay away from her It's not her time. 'Cause, baby, I'm the one Who haunts her dreams at night,

Make me a promise here tonight, love like a tidal wave Dreamless in early graves, I never want it to be this way The chemicals will bring you home again This is it, when it's done, we can say that, When it's sudden death we fight back!

Go!

Fuck it!
