

## Hell Above

Pierce the Veil

I cannot spend another night in this home  
I close my eyes and take a breath real slow  
The consequence is if I leave I'm alone  
But what's the difference when you beg for love?

As I run through glass in the street  
Kerosene hearts carry the name that my father gave me  
And take the face of the wolf

'Cause this is a wasteland, my only retreat  
With heaven above you, there's hell over me

I met a girl who never looked so alone  
Like sugar water in your mouth luke warm  
She tied a cherry stem for me with her tongue  
We fell in love and now we're both alone

'Cause I don't need any more friends  
And another kiss like the fire on pavement  
We'll burn it down to the end

Oh, oh  
This is a wasteland, my only retreat  
With heaven above you there's hell over me

The water is rusted, the air is unclean.  
And then for a second I feel fine  
This is a wasteland, my only retreat

I've waited all this night to honor you and say,  
"I know it's hard, but who are you to fall apart on me, on me?"

This is a waste land, my only retreat  
With heaven above you there's hell over me

'Cause this is a waste land my only retreat  
With heaven above you there's hell over me

(Said) What about us well, what about me?  
Hang from the gallows, asleep in the rain  
This is a waste land, my only retreat
