

## The Machete Twins

Pig Destroyer

Shannon's got an eye  
For shallow graves  
And a stomach  
That can handle all the gore  
Her sister Lucy's in charge  
Of selection (of selection)  
Seduction (seduction)  
And complete lack of remorse  
They'll take his wallet  
Down to the mall  
For the jewelry

And the perfumes they adore  
Then they'll drive  
Out to Route Five  
And leave his carcass by the reservoir  
They got cornered last year  
Down in a Nashville hotel  
The girls  
Had to chop a whole S.W.A.T. team to pieces
