

Black Mambo

PIG

Black mambo crawls down the mountain
Black mambo creeping inside
Black mambo looking me over
Black mambo knows how to guide
Black mambo lay down beside me
Black mambo whisper in my ear
Black mambo slip me a little something
I got nothing to fear
Black mambo
Black mambo

Black mambo chews on the worm
Black mambo twiddles them thumbs
Black mambo's got a hand in the honey
Black mambo twists my tongue
Black mambo writhes in sleaze
And I burn my knees
Black mambo peels back the skin
Black mambo now we begin

Ride, ride, ride, ride, ride, ride
Ride me black mambo
Ride, ride, ride, ride, ride, ride
Ride me black mambo

Black mambo burns with the fever
Black mambo aches with desire
I swallow your pride
Black mambo grows like the fire
Black mambo big bad and ugly
Black mambo take me and slide
Black mambo turns to me smugly
Black mambo rip me inside

Ride, ride, ride, ride, ride, ride
Ride me black mambo
Ride, ride, ride, ride, ride, ride
Ride me black mambo

Ride, ride, ride, ride, ride, ride
Ride me black mambo
Come on inside, inside, ride, ride, ride, ride
Ride me black mambo
