Pigface

T.F.W.O. (3x)
Totally fucking weirded out
Treason trapping
Animal hide
In the vision of paradise
Two explains your head
Deranged
Time spun web deluded of life
Wicked black witch lady localize
Inteligensia
Go write a book and cry in it
Face it lost that look
Survivals hard enough
Fading fire burning higher
Time to realize that I'm on fire
Patience sun the lord looks over
Who covers in the watchtower
Freeze arm scraping inches the vein
Blind distracted the worshiping
Metal point
A scraping hole
Forever breaking
In out
Temper test
Bottom so vile
Fading fire burning higher
Time to realize that I'm on fire
T.F.W.O.
T.F.W.O.
Totally fucking weirded out
T.F.W.O. (3x)
Weirded out
Fading fire burning higher
Time to realize that I'm on fire
Fading higher why you liar?
It made inside my brain I don't remember
Fading higher why you liar?
