

# Your Own You Own

Pigface

For 23 years we've told you to beware  
To be aware  
Before awake  
Your freedoms are being eroded (2x)  
Your needs blocked (2x)  
Your freedoms are being eroded  
Your needs blocked  
Your sexuality legislated  
Your dreams your right to dreams, stolen [stolen! stolen! stolen!  
n! stolen!]  
You are being criminalized  
You are being reposed  
Your being digitized for ease of location  
Your breath the breath of youth is being polluted

Your own you own  
Your very own  
Your own you own  
Your brains are being polluted, poisoned, and fragmented by fear  
Not your fear (3x)  
Your own you own (10x)  
You only run free  
As of this day  
You do not have the right to socialize  
Your own you own  
Or criticise, or analyse, or fantasise, or politicise, or publicise  
Or subsidise, or visualise, or conceptualise, or realise anything!
