With my windows tinted black, make you think you saw a ghost  
My home painted white on white, inside leather white on white  
Chieffin', drankin' up all night, ballin' out, yeah that's the life  
Ladies wanna roll with me, blow a bag of dro with me  
Party to the crack of dawn, when I'm down in yo' city  
I'm all about this pimpin', when it comes to women  
Get some head while drive mayne, oh what a feelin'

Off in the club, aw shit, I see I blew the hoe's brain  
Befo' I came, I say I blew a whole thing  
Clean as a dollar off in my black on black Impala  
The Don Dada is what they call me overseas  
But over here I should say I'm the king of Memphis, Tennessee  
Rap is a wrap, haters wrapped off in my duct tape  
What it take I say I been hard since first mix-tape  
Face get your G's up, way, way up to my level  
Higher than the clouds where my daddy rests in Heaven  
But on another note I'm so stylish I changed the name
