

Am I sure  
I wanna touch... this  
Nine years old boy  
Nine years old threat?  
Is it only a slide show effect?  
Is it only the truth inside?  
Im I just that fucking fiend I fear  
In this perverse masquerade?  
It can't so sweet...  
Not at all... it can't so sweet...  
Diapodiapodia!  
Can't mean you're ready for a crime  
Can't the diapodiapodia stop for a while?  
From the very first second of your morning  
(From the very first second I see my hands around his throat)  
Til the very last second of your evening : Rape Child Blood  
Pick the correct answer  
Even if you try to make them fade away with a KAMEAMEA of  
Good reasons  
You should just shut your mind up and watch'em float...  
"Let them come and they will go"  
A little pill to sleep or a twenty to die?
