

How We Breathe

Pinback

It's how we breathe underwater
Kick it right out of frame
Does it matter

Here where we drive into the same old park
Here we'll be so insistent
Off the mark

It's how we breathe underwater
Kick it right out of frame
Does it matter

Here where we drive into the same old park
Here we'll be so insistent
Off the mark

Here where we drive into the same old park
Here we'll be so insistent
Off the mark

Guarded in my head for you
I can't get rid of these secrets

Guarded in my head for you
(Wanna lay on your ground)
I can't get rid of these secrets
(Wanna breathe in your atmosphere)

It's how we breathe underwater
Kick it right out of frame
Does it matter

Here where we tremble at the same old thought
Here when our legs give out and we get caught
Here when the stations turn to short you out
Here when the places turn till you pass out

Guarded in my head for you
I can't get rid of these secrets

Guarded in my head for you
(Wanna lay on your ground)
I can't get rid of these secrets
(Wanna breathe in your atmosphere)

Guarded in my head for you
(Straighten your back)
I can't get rid of these secrets
(I wanna know that there's something there)
Guarded in my head for you
(Overneath)
I can't get rid of these secrets
(I wanna leave your head)
