Pinback

How can i just set a part thats so full?  
How can i just read a part thats so cold?  
You feeling depressed?  
You can fill in the rest.  
How bout when they read to you?  
How bout when you sang right along?  
How bout when they read from these zines  
How bout when you read right along?

Were trapped in the drift  
Entirely inside alone  
A microtonic wave  
Forces us further

How bout when you read right along?

I can see your mouth move, know you're lying.  
Another generation of kids not buying  
You  
Feeling the crush (a microtonic wave)  
To get out of town?

Caught inside the booth.  
Hanging up the phone.  
Covered in loose change and  
Bits of paper.  
Crawled inside the store.  
Clinging onto no one.  
Covered in his shame.  
Hang me by my thumbs.  
Cauterize my scars in scum.

Entirely inside alone  
A microtonic wave (they fall further down.)  
Forces us further

Take them home.  
Take them home.
