

The Yellow Ones

Pinback

I feel my head goin' down again

You disappear from the foreground
I'm unaware which way is down

You disappear
(There's some strange shape in the sky)
From the foreground
(A bright light over the horizon)
I'm unaware
(It's changing direction now)
Which way is down
(It's headed towards the village
Better warn...)

Hey, above you!
Waves about to...
Verified on here
Waves about to...
Terrified, aren't you?

A major repair is underway
Where am I?
A major repair is underway
Where am I?
Require a blanket of silence
Where am I?

Hey, above you!
Waves about to...
Verified on here
Require a blanket of silence

I feel my head goin' down again

Home ahead
Fall over
Vein empty
