

Versailles

Pinback

It was a grey bitter night
Full moon had all disappeared
We asked the tide where he had gone
She said to you he's gone to versailles

We packed the ship left that day

Stand at the side and the sky in versailles
Stand at the side and the sky in versailles

The time took us left us there
You found him on the hillsides of versailles
He asked the moon to come back to our side

Stand at the side and the sky in versailles
Stand at the side and the sky in versailles

Stand at the side and the sky in versailles
Stand at the side and the sky in versailles

Ooh, oh-ooh, oh-ooh-ooh, ooh
Ooh-ooh-ooh-ooh, ooh

Make away, the moon tonight
