

I Came to Rock

Pink Cream 69

Hey, what's that sound?
Stopped me in my tracks, gotta look around
Hey, what's that name?
Drawn toward the lights like a moth to the flame

Spent a little time in London
And I spent a little time in Rome
I've got to make my way to Tokyo
But I'll never get back home

Against the odds, I've challenged gods
My presence has been known
If you gonna hate, appreciate,
Cuz they all know that I

Came to rock, I won't ever stop
Don't care if it's right or wrong at all
I came to rock, I won't ever stop.
It's my life, it's all I need
Ain't nobody gonna tell me how
Or when or where or what I gotta do.

Jim, he had his Mr. Mojo risin'
With a bit of Jimmy's purple haze
They're all jamming up above
with Bonham while I'm down here saying grace.

No ain't nobody ever gonna tell me what to do

This is the blood that's running through my veins,
Keeps me alive and it keeps me sane.
It's my life, it's a dream I'm chasing.
I'll never get another chance like this
Sometimes I hit it and sometimes I miss,
Now I can hear a million voices calling
Everybodies pushing cuz they know
I came to rock, don't wanna stop
It's our life it's all we need
Ain't nobody ever gonna tell us how
No ain't nobody ever gonna tell me
- what to do
