

## Till You're Mine

Pink Cream 69

there's a girl from the far side of town  
I tell you man, she's all I've been missing  
got some bucks and her feet on the ground  
she's so fine, I can't get her off my mind

I've got the time, she's got a place  
I want to see her in black lace  
I'm not her kind, but I don't mind  
I gotta get her

girl, I can't stop till you're mine  
till you're mine, till you're mine  
girl, I can't stop till you're mine

home alone and I pick up the phone  
I take a chance and dial her number  
all she said was the name of her street  
with a smile - you know where I'm gonna go

we've got time, we've got a place  
I'm gonna see her in that lace  
am I her kind? well, never mind  
I'm gonna have her!

girl, I can't stop till you're mine  
till you're mine, till you're mine  
girl, I can't stop till you're mine  
I'll keep tryin' till you're mine

I gotta get her  
I gotta make her mine  
shouldn't be long now  
baby, I won't stop all you're mine

girl, I can't stop till you're mine...
