

# Aspettami

Pink Martini

Aspettami  
Wait for me  
I've been lost  
Adrift at sea  
In your dreams  
Dream my way  
Someday I'll find my heart  
And come back to stay

Do you miss me  
My darling  
As I miss you  
Take my hand  
And pull me near  
And never let me go again my dear

There was a time  
I was safe in your arms  
And the stars fell away like diamonds  
Then we were young  
And our love was younger still  
Was it just an illusion

Aspettami  
Wait for me  
Close your eyes  
And you will see  
I'm coming home  
Every sky in my heart will be blue  
On the day I come back to you

I'm coming home  
Every sky in my heart will be blue  
On the day I come back to you
