Break It

Pink Turns Blue

I am sick and I am tired of the shit you put me through
And I don't know how I have the strength to fix it
And it seems the world is crumbling and I'm falling on my
face
Cause caring got me nowhere I'll try hatred

Don't know how to break it
Don't know how to break it
Don't know how to break it
Don't know how I can look you in the eyes

And I might have lost my marbles but there is no room for
doubt
You're clinically insane, housebound sociopath
And you know that I'm indifferent to everything you say
Cause caring got me nowhere, now it's hatred

Don't know how to break it
Don't know how to break it
Don't know how to break it
Don't know how I can look you in the eyes

I'm gonna have a breakdown

Don't know how to break it
Don't know how to break it
Don't know how to break it
Don't know how I can look you in the eyes
