

Michelle

Days and nights  
Me beast astray finds no home  
Such shock of awakening  
Saw the things I haven't seen before  
Accept that greeting from another  
You've to stand and to pay for my crime  
A fiendish delight in torture  
Can you've breath and face it once more

Beyond all this madness  
I have come to a very right place  
What makes me to deny myself  
Nothing seems more worthless

Wake up tonight  
tonight Michelle, Michelle

Tears of wounded dignity  
No opponent, you play against game  
Never far from nightmare  
Reality runs far far away

Wake up tonight  
tonight Michelle, Michelle
