

Walk Away

Pink Turns Blue

It's true I hit the streets tonight
It's true I drowned my soul tonight

I drowned my life
I drowned my
I lost my pride
I lost my
I drowned my love
I drowned my
I lost my hope
I'll leave today
I walked away

I threw it all away
I walked away
I lost my faith today
I walked away
I gave it up today
Just walked away

I know you told me a million times
I know I've left you in the lurch again

I couldn't go
I couldn't
I couldn't stay
I couldn't
Our times was up
Was over
Our times is up and I'm to blame
I walked away

I threw it all away
Just walked away
I lost my face that day
I walked away
I threw it all away
All away

I guess it's over
Our love has died
I guess we're done
I missed the train

I'm left with shambles
I'm left
A rotten love
I'm left with
A smelly past
I'm left with
It doesn't hurt
I'm left with
