Fingers

- 1. I'm alone now
 Staring at the ceiling
 I'm kinda bored now
 I can't sleep
 And you and me can't make my life complete
 When you come you slip into a dream
- R: When it's late at night
 And you're fast asleep
 I let my fingers do the walking
 I press record
 I become a phene
 And no one else is watching
 I let my fingers do the walking
- 2. I'm starving
 For some attention
 I'm begging, pleading, bleeding
 For a suggestion
 I bite my tongue because I wanna scream
 I'm almost there and you turn and look at me
- R: When it's late at night...
- 3. Rewind and you will see Why in the morning I'm happy Right there on the tv screen Me vengo, me vengo
- 4. I'm restless
 You need some caffeine
 But I'm wasted
 If you could only see
 Cause I need more than you are gonna give
- R: When it's late at night... (2x)
