

# Try Too Hard

Pink

1. You follow every line, you wear your perfect patch and style  
But you're like a satellite and you're drifting through the sky  
You can't make up your mind about this or that,  
or anything at all  
You go with the flow and hope to God, that no one knows it

Everything you are, everything you say  
Everything you do is not for you  
Everything you feel, everything you know  
You found it on your favorite TV show

R: And it's people like you that make me sick  
I'm surrounded by you everywhere I look

2. You're telling everyone how different that you really are  
But it's been said before,  
so maybe you're not special after all  
If you put the same amount of effort into letting go  
Just act yourself and you might like it, you never know

'Cause everything you want, everything you do  
You try so hard to be everyone but you  
Everywhere you turn, you just gotta learn  
It's easier if you don't try so hard

R: And it's people like you that make me sick  
I'm surrounded by you everywhere I look  
Is there somewhere I can go to get away  
Where there's truth and people mean just what they say

\*: You try too hard  
You just try too hard  
You try too hard

R: And it's people like us that make me sick...  
+ You try too hard  
You just try too hard
