

## Criticized

## Pipes And Pints

Stereotypical citizens ignoring everything today  
Turning their heads when they walk my way  
Got damaged by society  
You wanna war zone look inside of me  
Theres chaos burning inside of me

Open your eyes!  
Open your eyes!  
I'm not a disguise!

Fake friends and depression fought my wars with all aggression  
Cannot stop these pounding fists in me  
Hated! Traded! Mislocated!  
Not accepted, not related!  
What do you see when you look at me!

Open your eyes!  
Open your eyes!  
I'm not a disguise!

Mind over matter is what we wanna shatter  
We wanna be on top that's  
Why we climb the ladder  
Packed up and stacked up  
Sick of getting jammed up  
Won't let it happen again

My reflection's weird on you  
Tell me who the fuck are you!  
Don't back off  
And don't act nice!

My reflection your affliction  
Shooting bullets in the wrong direction  
I shout this message out to you!

Open your eyes!  
Open your eyes!  
I'm not a disguise!

Mind over matter is what we wanna shatter  
We wanna be on top that's  
Why we climb the ladder  
Packed up and stacked up  
Sick of getting jammed up  
Won't let it happen again

Mind over matter is what we wanna shatter  
We wanna be on top that's  
Why we climb the ladder  
Packed up and stacked up  
Sick of getting jammed up  
Won't let it happen again

(Won't let it happen again)

When I walk the streets like a cyclone terminator

I really try to help in every coming matter  
They'd rather kill me like an angry pitching batter  
Open your eyes and try to change your channel!  
Open your eyes! Open your eyes! Open your eyes!

Mind over matter is what we wanna shatter  
We wanna be on top that's  
Why we climb the ladder

Mind over matter is what we wanna shatter  
We wanna be on top that's  
Why we climb the ladder

Won't let it happen again
