

## Keep To Myself

Pissing Razors

Hold on strong never fear their void  
Never fear their void  
Been denied for so long  
All my faith keeps true pace  
You all said that I would soon fail  
But I always knew where I belonged  
Keep to myself

[chorus]

Now you want to hear me  
I hear you want to sense me  
Since you want to know me  
I know you want to regret me

Eyes of life vision strength  
Now complete, what's it like to feed on beliefs  
Cause when I look in your eyes now I know why I  
Keep to myself  
Keep to myself

[chorus]

Keep to myself  
Keep to myself
