

# Better on Me

Pitbull

You have to have vision to understand love is blind, talk to 'em Ty

It's been a while and you found somebody else  
They say you really doing good for yourself  
But I know you out there feeling so lonely  
As far as my eyes can see  
Don't need no proof or no validation  
You leave no wound on you second to none  
You said you over me but you looking lonely  
So as far as my eyes can see, you look better on me  
Aw aw aw, aw aw aw, aw aw aw  
You look better on me  
Aw aw aw, aw aw aw, aw aw aw  
As far as my eyes can see, you look better on me

Got a room with a mirror on the roof  
Down in the keys keys keys  
And I could bet the bank and almost guarantee  
That you will always look better on me  
I handle my business in the boardroom and the bedroom  
My name ain't max but I always got headroom  
G-g- get it, g-g- g-g- get it  
Went from selling perico and reefer  
To New Year's Eve with Snoop and Latifah  
I shut down Spain  
And I ain't even have to take a pill in Ibiza  
I'm a beast bro  
I love when you put on them sexy one piece outfits  
With the hole in the middle  
Now take a look in the mirror  
And see you always look better on me

It's been a while and you found somebody else  
They say you really doing good for yourself  
But I know you out there feeling so lonely  
As far as my eyes can see  
Don't need no proof or no validation  
You leave no wound on you second to none  
You said you over me but you looking lonely  
So as far as my eyes can see, you look better on me  
Aw aw aw, aw aw aw, aw aw aw  
You look better on me  
Aw aw aw, aw aw aw, aw aw aw  
As far as my eyes can see, you look better on me

I'm allergic to the fake and these negative crabs  
So get from me with your negative ass  
I live for the future, you live in the past  
Found somebody else, I hope that it lasts  
But you know that I know that we know that you'll be thinking bout me  
But you know that I know that we know that you look, that you look better on me  
I ain't here to sell ya, I'm here to tell ya, all I've ever done is learn from my failures  
So god bless mami, cause God knows I wish you the best mami, that's right  
I love when you put on that sexy one piece outfit with the hole in the middle

Now take a look in the mirror and see you always look better on me

It's been a while and you found somebody else  
They say you really doing good for yourself  
But I know you out there feeling so lonely  
As far as my eyes can see  
Don't need no proof or no validation  
You leave no wound on you second to none  
You said you over me but you looking lonely  
So as far as my eyes can see, you look better on me  
Aw aw aw, aw aw aw, aw aw aw  
You look better on me  
Aw aw aw, aw aw aw, aw aw aw  
As far as my eyes can see, you look better on me
